- It has a variety of cultures.
- It has many interesting traditions.
- The weather is nice.
- The nature is beautiful.

What does Fishers Junior High gain from having this culture represented in our school?

If we represent other cultures, then people from other cultures will feel more welcome. All schools should be welcoming for everyone. This project is one way we can do that. Also, learning about other cultures is important because we can learn from these other cultures and improve ourselves. It is important to draw wisdom from many different places. We cannot truly learn if we just look in the same places.
