

South Korea

Joseph Rogers

Where is your country?

- South Korea has many mountains that can be used for many things, but they are quite small compared to the rest of the world. The peaks are around 3,300 feet tall.
 - The western and southern coastlines have thousands of islands around them, that can be used for many things.
- The highest point of the country is a volcano located on the Cheju island, at a whopping 6400 feet tall.
 - 65% of the country is covered in forests.
 - Coastal lowlands have formed because of endless years of slow erosion.

What are some interesting facts about its history?

- After surviving the attack from Japan at the end of the 16th century, Korea limited itself to limited contact from other countries.
- Korea divided itself into two countries in 1945.
- The Korean War started on June 25, 1950, when North Korea attacked South Korea. It ended in July 27, 1953.
- People have lived on the ancient Korean land for over 30,000 years now.
- Since the war began small, conflicts from North and South Korea still happen to this day.

What are some interesting facts about its culture?

- Korean is the official language of South Korea Half of the Korean word's came from Chinese language.
- South Korea is mostly built on a strong bond between family members.
- People who live in South Korea are attracted to cities because of the endless opportunities there.
- People who live in South Korea wear clothes manufactured in other countries not like the Americas.
- South Korea have choice for what religion they chooses.

What do you like best about this country?

- I enjoy that's this country has diversity everyone is not from the same country.
- It is also interesting the different ways office job out in the city, but people can't grow in the country.
- It is interesting the 57.7 kilograms of rice per person per year.
- Since the 1940s South Korea has been a leader in education.
- Last thing is I like is how it is all different from farmlands. It all might look the same.

How does Fishers Junior High benefit from having families from this country as a part of our school and community?

- Fishers' Junior High benefits from this because we have a lot to learn about the different places and why not learn it from someone who lived there. Also, it is interesting to see how different someone's life is compared to yours.
