

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the left and right sides of the frame, leaving a large white central area. The shapes are angular and layered, creating a sense of depth and movement.

How does Fishers Junior High benefit from having families from Germany, as a part of our school and community?

- ▶ Fishers junior high benefits from having students from Germany, because it is a very amazing place that can show a lot of diversity within the school. The school also benefits by our community having German family's, because we can learn more, and know more about Germany. Having students from different places in the world is important, because we have the opportunity to meet people from those places. The community benefits by it getting to have new people learn about us, and us learn about them.
- ▶ Thank you experiencing my project.
